- Introduce mobile ordering or loyalty app

Best-Selling Product detail

FUTURE ROADMAP & NEXT STEPS

- Build real-time dashboards for daily decisions-making
- Introduce predictive analytics for demand forecasting
 - Expand dataset to include:
 - Customer demographics
 - Weather impact on sales
 - A/B testing:
 - Test different promotions and measure impact
 - Scale strategy:
 - Standardize insights for future store openings

Key Business Risks

- Over-reliance on morning sales
- Limited product diversification
- Potential stockouts during peak hours
- Lack of customer retention strategy

Revenue Growth Opportunities

- +10 – 15% potential revenue increase through:
 - a. Afternoon campaigns
 - b. Product bundling
 - c. Loyalty programs

Thank you

- Appreciate your time and attention.
- Happy to explore deeper insights or specific scenarios.
- Do feel free to reach out for further discussions.
